

# USB Drivers

## How do I install USB drivers on Windows 8 or Windows 10?

With Windows 8 the Matrix 64 bit drivers are no longer signed, this means that Windows 8 will no longer allow them to be installed by default.

There is a work around however which is available here:

<http://www.windows7hacker.com/index.php... windows-8/>

If you use Windows 8.1 or Windows 10 there is a fix here:

<http://www.howtogeek.com/167723/how-to-... d-drivers/>
