## Manual offline license activation for Flowcode 8

1) First you will need to log in to your account via this link using your Matrix username and password: <http://www.matrixtsl.com/accounts/login.php>

2) Secondly you will need to go the manual registration page here:

[https://www.matrixtsl.com/accounts/v8\\_key\\_files/manual\\_v8\\_reg.php](https://www.matrixtsl.com/accounts/v8_key_files/manual_v8_reg.php)

Automatic activation via the internet is the preferred method of activating your Flowcode. If however you have no access to the internet or have strict firewall rules which prevent the automatic activation, then you will need to use the manual activation technique outlined in our [FAQ here](#).

To perform manual activation you will need three pieces of information, all present on this page:

- Flowcode Username
- Licence File
- Activation Key

**Flowcode Username: David Aldersley**

### Activation Key

### Download File

Click on the download button to the left, this will download a '.key' file, you will need to note where you save the file as you will need it to activate Flowcode.

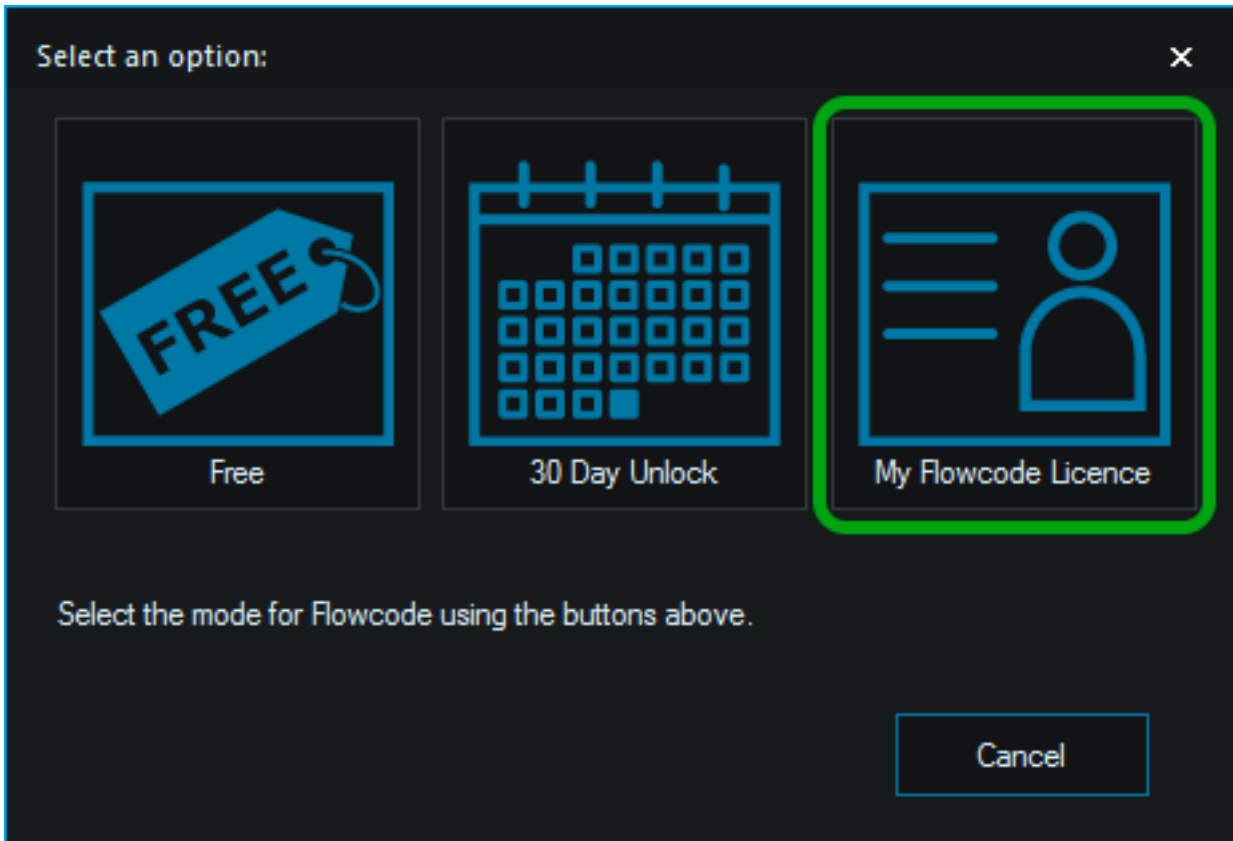

3) Download the **Licence key file** and make a note of the **Flowcode Username** and **Activation Key**.

4) Load up Flowcode

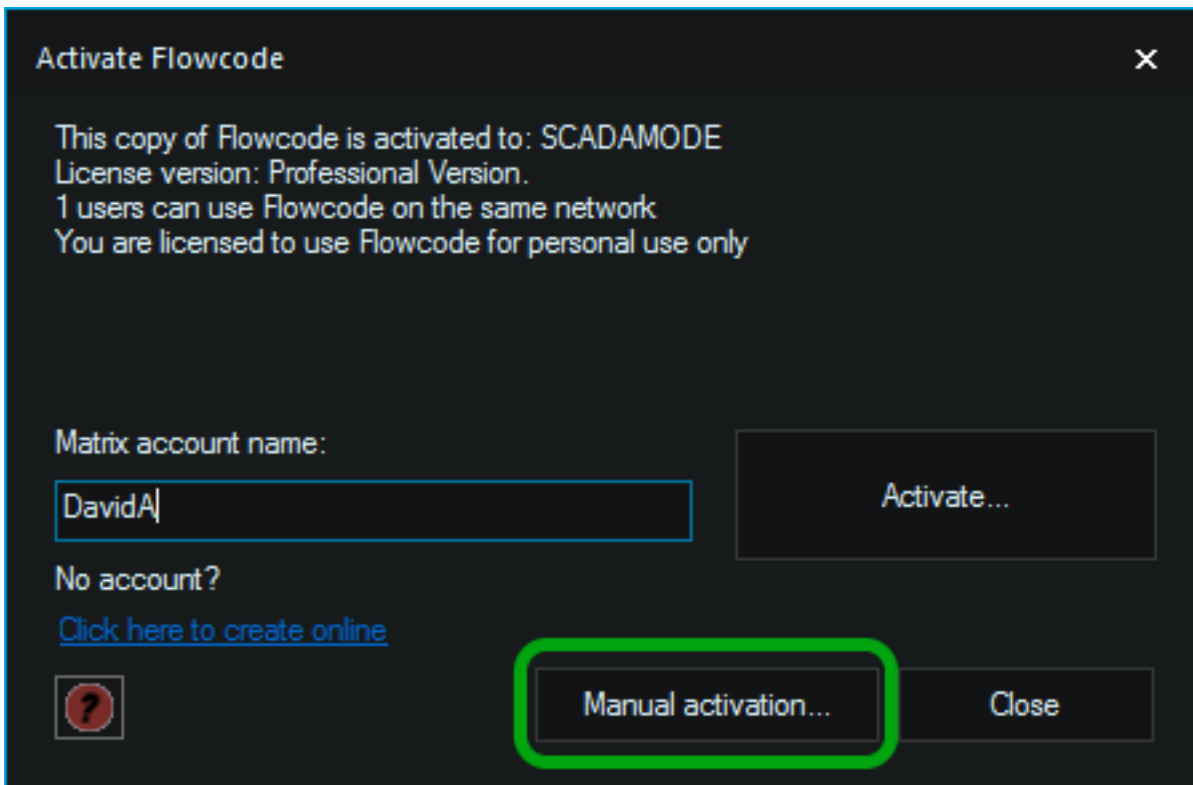

5) Go to Help >> Manage licences...

6) Select "My Flowcode Licence" and click "OK"

# Flowcode

7) Select the "Manual Activation"

# Flowcode

7) Enter the **Flowcode Username** at the top, copy and paste the entire key (including (====Start key==== and ====End key====) into the box provided

The screenshot shows a 'Manual Activation' dialog box with a dark background. At the top left is a green information icon. To its right, text reads: 'This copy of Flowcode is activated to: David', 'License version: Professional Version.', '1 users can use Flowcode on the same network', and 'You are licensed to use Flowcode for personal use only'. Below this is a text field for 'Flowcode user name:' containing 'Dev User'. Underneath is a 'Flowcode activation key:' section with a large text area containing a blurred key and the markers '====Start key====' and '====End key===='. At the bottom left is a 'License file:' field with the path 'E:\Downloads\fc\_v8\_key\_070818133559D079F4F5C7key' and a browse button '...'. At the bottom right are 'Activate' and 'Close' buttons. A help icon is in the bottom left corner.

8) Click the “...” button and point the dialogue box at the “**Licence Key File**” downloaded earlier.

9) Click the “Activate” button

# Flowcode

Flowcode should restart and the new licence applied.
