The Matrix curriculum map is designed to give you an idea of the educational levels for which our products are developed. The wheel diagram on this page explains more about levels of educational achievement in this United Kingdom.

We map our curriculum to internationally renowned syllabi, from:
- Institute of Motor Industry
- European Aviation Safety Authority
- OCR
- AQA
- EAL
- City & Guilds
- Pearson (mainly through the BTEC qualifications)
- Engineering Council

We’re also able to develop specific equipment for a range of higher education qualifications at undergraduate and postgraduate level and we work with some of the World’s most prestigious Universities.

Throughout our catalogue, each solution details selected curriculum units, so you can select what you require accordingly, however this is by no means a definitive list.

For further explanation or help with this, do not hesitate to get in touch.
